

# EVERYTHING ASPHALT

## Evergrip 990 Polymer Plus

### Concrete Joint Sealant

*"Your Texas Source for Everything Asphalt"*

#### Excellent Sealing

Asphalt has been used for eons because of its adhesive and waterproofing properties. These properties are further enhanced when modified with selected polymers. Evergrip 990 Polymer Plus is a concrete joint sealant made with a unique blend of asphalts, enriched with high-grade polymer and additional modifiers for use in extreme temperatures. Available in convenient coils or strips, this product is a preformed, ready-to-use, flexible gasket that provides an excellent seal for concrete pipes, culverts, manholes, and other precast joints.

#### Evergrip 990 Polymer Plus Benefits:

- 63% more adhesive strength than non-polymer materials
- 370% more cohesive strength
- Greater elasticity
- 40% higher ductility
- Consistent performance under extreme temperatures
- Extended application
- Extended temperature range for all-season application
- Provides water-tight adhesion
- For concrete joints of all sizes and shapes
- Available in standard or custom sizes and lengths
- Asbestos-free
- Odorless
- No primer necessary
- 100% solids

#### Available in Coils or Strips

The preformed strips are convenient and ready-to-use for a variety of applications. The coils are an excellent choice for pipes, culverts, manholes and other precast joints.

#### Martin Asphalt Makes It Easy

Evergrip 990 meets state and federal requirements. Through Martin Asphalt, you get **Everything Asphalt**—a full range of products. In addition, you receive technical assistance in selecting the right materials and application. The company's AASHTO Certified Laboratory makes sure the products meet your specifications. And your products are delivered both on spec and on time via Martin's Gulf Coast network of production plants, storage facilities and transportation fleet including ocean-going and inland barges, rail cars and tanker trucks.
